DETAILED ACTION

Response to Amendment

1. This Office Action is in response to applicant's communication filed February 27, 2006 in response to PTO Office action mailed January 23, 2006. The Applicant's remarks and amendments to the claims and/or specification were considered with the results that follow.
2. In response to the last Office Action, claims 1, 8 and 16 have been amended. Claims 11-13 have been canceled. No claims have been added. As a result, claims 1-10 and 14-20 remain pending in this application.

Allowable Subject Matter

3. Claims 1-10 and 14-20 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of the records fail to teach or suggest "a data-in transfer storage" with "data-in channel" and "a data path that circumvents the data-in transfer storage". The circumventing data path facilitates priority processing when the data-in transfer storage is full.
